The non-burnable pit at the landfill is nearing capacity requiring the digging of a new pit. No map is available to indicate available locations for future pits or areas previously used causing concern for long-term viability. To alleviate these space concerns, council is evaluating alternatives which include charging for non-burnable disposal or placing roll-offs at the landfill site. Auditor will research cost of roll-offs. Residents are encouraged to utilize Circle Sanitation curbside collection when possible.

Reports:

Auditor has been contacted by First District Health Unit for Riverdale to possibly host a future COVID testing.

Zimbelman has sent an inquiry to the Corps of Engineers regarding installation of recloser in the newly constructed switchyard. No outages occurred this past month.

Cheatley reported painting of the water tower has begun.

Next meeting is scheduled for Monday, September 14 at 6:00 PM.

Meeting adjourned at 6:40 PM.
